I would like to invite you to [REDACTED] the writing process of radical_hope's papers !

Between 23 until 29 August you find a paper-writing FAX machine at **DE SINGEL** - Antwerp.

INTROVERT (1) (2) (3) (4) (5) (6) (7) (8) (9) (10) (11) (12) (13) (14) (15) (16) (17) (18) (19) (20) (21) (22) (23) (24) (25) (26) (27) (28) (29) (30) (31) (32) (33) (34) (35) (36) (37) (38) (39) (40) (41) (42) (43) (44) (45) (46) (47) (48) (49) (50) (51) (52) (53) (54) (55) (56) (57) (58) (59) (60) (61) (62) (63) (64) (65) (66) (67) (68) (69) (70) (71) (72) (73) (74) (75) (76) (77) (78) (79) (80) (81) (82) (83) (84) (85) (86) (87) (88) (89) (90) (91) (92) (93) (94) (95) (96) (97) (98) (99) (100)

... is radical_hope's closing chapter at APT and the consequent presentation of the mass of social interactions which pululated in this research. Dwelling in isolation, refusing communication and negotiation [REDACTED], radical_hope wants to overcome the [REDACTED] documentary surface of the researched practice and transform it during a one week writing process, using COYOTL and the reacting visitors [REDACTED] channelled by [REDACTED] FAX machine 5. *Journal practices*

what comes in ? [income?]
(what does not get deleted before)

and

what comes out ?
(what we [REDACTED] make of things)

1. have active part in the falsification of history,
2. don't negotiate
3. make an anti-document

The outcome of **INTROVERT** will probably be **EXTROVERT**, the moment of the paper's publication in the fall of 2010. If you [REDACTED] like [REDACTED] the making of a [REDACTED] document you need to come to the Singel between 23 and 29 August and fax the content with which you want to make things uncertain !
